Writing for Computer Science 2014 (Paperback)

By Justin Zobel

Springer London Ltd, United Kingdom, 2015. Paperback. Book Condition: New. 3rd Revised edition. 232 x 156 mm. Language: English . Brand New Book. All researchers need to write or speak about their work, and to have research that is worth presenting. Based on the author s decades of experience as a researcher and advisor, this third edition provides detailed guidance on writing and presentations and a comprehensive introduction to research methods, the how-to of being a successful scientist. Topics include: * Development of ideas into research questions; * How to find, read, evaluate and referee other research; * Design and evaluation of experiments and appropriate use of statistics; * Ethics, the principles of science and examples of science gone wrong. Much of the book is a step-by-step guide to effective communication, with advice on: * Writing style and editing; * Figures, graphs and tables; * Mathematics and algorithms; * Literature reviews and referees reports; * Structuring of arguments and results into papers and theses; * Writing of other professional documents; * Presentation of talks and posters. Written in an accessible style and including handy checklists and exercises, Writing for Computer Science is not only an introduction to the doing and...
