One of the major concerns regarding Y2K-related catastrophic Small and Mid-sized events may be associated with SMEs. (For the purposes of this Enterprises (SMEs) report, SMEs are defined as facilities that have less than 50 employees, facilities that have between 51-200 employees or are not part of a multinational national corporation, or public sector facilities, e. g. , municipal water and wastewater facilities.) SMEs managing high hazard chemicals can pose large risks to works and the surrounding community. While some exceptional SMEs are highly resourced, more generally, SMEs lack awareness regarding the Y2K impact, resources, and the technical know-how for fixing the problems. Given the time constraints, there is very little chance of changing that reality. The best we can do now is try to increase awareness, provide easy-to-use tools and accessible resources, and provide attractive incentives for Y2K compliance efforts. The only...
